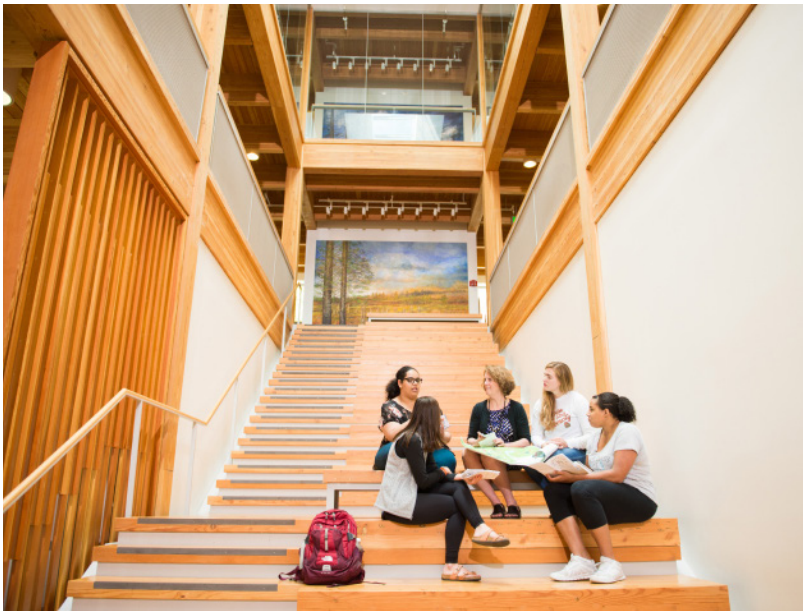
Oregon State UNIVERSITY OSU



Public Health Graduate Pathway Program

The Public Health Graduate Pathway program provides international students with a direct path to the Master of Public Health at Oregon State University.

About the Master in Public Health

Our college of Public Health and Human Sciences focuses on health policy, aging, environmental and occupational health, nutrition, physical activity, health promotion and health behavior, as well as the prevention of chronic disease, injury and obesity.
You will join a world-class faculty and have many opportunities to get involved with research in or outside the classroom.

Key Benefits of the Graduate Pathway Program

- Assured progression to the OSU Master's of Public Health.
- 13 graduate credits included
- Dedicated academic advisor and progression advisor to help facilitate transition from the Pathway
- Pathway peer tutors to provide additional academic support
- Total time to graduation: 24-27 months

Areas of Concentration
